

## **DELPHIN RENAISSANCE COMES TO SINGAPORE**

The 30,277 gross-ton Delphin Renaissance is the second cruise ship to make her maiden call to Singapore in the new year. Formerly known as Renaissance Seven, this cruise ship is chartered year-round by Delphin Seereisen GmbH. She sailed into Singapore from Port Klang, Malaysia on Sunday morning, 29 Jan 2005 and left the next afternoon for Ho Chi Minh City, Vietnam with close to 300 passengers.

The Master, Captain Jens Thorn is no newcomer to Singapore. He was previously the Master of the Cunard Crown Jewel, better known as the SuperStar Gemini. He said that the Delphin Renaissance will return to Singapore on another world cruise in January 2006. Together with the port agents, Jardine Port Agencies, representatives from Singapore Cruise Centre Pte Ltd were on board for a plaque presentation ceremony. Mr Michael Loh, Public Relations & Marketing Manager, presented a plaque to Captain Thorn to commemorate the ship's First Call to Singapore.
